2:00-2:30pm – Centers

Please complete center time independently at your home. Students can work on any activity that will help with fine motor skills. This can include Lego's, coloring, blocks, playdoh, etc. Better yet, go build a snowman outside and enjoy the snow! Students do not need to log back on to the computer, have a great weekend!

Your child should be logged on to the computer the entire day. During independent work time and breaks, please turn your camera and microphone off. Thank you for your patience as we navigate virtual learning for the first time as a whole class!

Love,
Mrs. Callahan
